## W. D. ANDREWS, VETERINARY DENTISTRY.

Office at Truckee Stable, Reno, Nevada.

ALLEGED VETERINARIAN ADVOCATE. A Veterinary Dentist, well knowing that no other method has yet been discovered that produces the same satisfactory result. I cut the front teeth of old horses so that the back teeth come together. Very few horses, young or old, but have more or less sharp edges or rough projections upon their molars. These sharp points lacerate the mouth, thereby causing trouble to the horse, and he tries in various ways to rid himself of the trouble. Some toss the head, roll or snort, others start suddenly or stop short, and some shy, drive sideways or hold their head in an unusual manner. Blindness in one or both eyes, a rough coat of hair, a suffering horse and disagreeable driver is caused by a defective mouth. I carefully remove all irregularities and place the mouth in a level, natural condition. Veterinary dentistry is an act of humanity. It not only relieves suffering but produces a fine, pleasant driver, and gives you a healthy horse whose life is prolonged at least five years. I have had eight years' experience in this business and am qualified to give thorough satisfaction.

## LAND NOTICE.

UNITED STATES LAND OFFICE,

SACRAMENTO, CAL., September 12, 1889.

NOTICE IS HEREBY GIVEN THAT IN COMPLIANCE with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," J. P. Foulke, of Verdi, county of Washoe, State of Nevada, has this day filed in this office his sworn statement, No. 1017, for the purchase of the N. E. 1/4, and N. W. 1/4 of Sec. 14, and N. E. 1/4 of Sec. 15, of Township No. 2, in Township No. 19 North, Range No. 11 East, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Sacramento City, Cal., on the 10th day of December, 1889.

He names as witnesses: H. R. Dean, of Sacramento, City, Cal.; H. H. H. H. of Sacramento, City, Cal.; Wm. Elliott, of Verdi, Nevada; James Forwell, of Verdi, Nevada.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 10th day of December, 1889.

SELDEN HETZEL, Register.

C. C. POWNING, Editor and Proprietor

## OUR NAVY.

Everybody sees that our nation was none too soon in providing for a new navy. Our old wooden ships of war are fast wearing out. It was announced a couple of weeks ago that two more ships have been condemned. Congress passed an Act a few years since that, where an old vessel was needing repairs, if it was found on examination that the cost would be more than one-fifth of the expense of building a new ship of the same size, it should be condemned. Under the provisions of this Act two steam sloops-of-war, the Quineburg and the Juniata, have just been condemned. After being stripped of what can be turned to account on vessels to be retained in service their hulls will be sold to the highest bidder. By consequence our navy will count two ships less and cannot bear many mishaps like the one at Samoa without becoming in respect of wooden ships a phantom navy. To be sure, a few metallic ships have been built within a few years, and more are being built. One was launched at the yard of Cramp & Sons a week ago last Saturday named the Philadelphia. She is an unarmored ship, and is designed to be of high speed. It is to be hoped that when she is tested she will not be bumped on the rocks like the Boston. This vessel will require six months for making the repairs occasioned by that mishap in Newport harbor. But it takes a good deal of time to build a ship of the size and power designed for a navy, and it is an annual fact that while Congress is sitting the navy is getting smaller. A new ship is not built until the old one is sold. It is not out of the question to build an acceptable ship on the terms named by our national legislators.

Anytime the new builders profess themselves to be to build a metallic ship for our Government. They have contracted, indeed, for the requisite plant, but declare that the limits named by Congress would impose on them a downright loss of thousands of dollars. And other shipbuilders, speaking from actual experience, aver that the price specified by Congress is far below the cost of vessels of the size and speed asked for. If this is so, it is reason enough for their refusing to accept the sum named; but the delay is awkward for the Government. It takes two years or more to build ships of the size required we cannot long procrastinate, for our wooden ships are fast perishing. Since Congress, with an eye to economy, limited the cost of the needed ships, it must be found out whether they fixed too low a price. It is only in the stress of war that individuals or firms can be expected to emulate the liberality of Vanderbilt. If we want swift and powerful naval ships we must be prepared to pay for them.

Far from us be it to rail at the parsimony of Congress! Members ought to guard against lavish appropriations, but it is highly probable that many Representatives from the Mississippi valley and the central tier of States are utterly ignorant of the cost of a huge steamship. Yet how can the nation escape being defrauded by combinations of contractors? We know of no way but by providing that some of our new ships be constructed in the Government navy yards. In that way legislators and people can learn what is the actual cost. A healthy rivalry can thus be maintained between public and private yards. Of course this will compel the outlay of a large sum to provide additional plant for some of our navy yards, but an exigency is conceivable when a half-dozen of private yards could not provide for our necessities. Besides, it has not yet been ascertained how vulnerable metallic ships are. No battle between large hostile fleets has yet taken place, and who can tell how great a demand might suddenly be made on our land to replace a dozen huge ships?

We were glad, therefore, to see a paragraph in the Boston Journal a few days ago that Secretary Tracy intends to recommend in his coming report that Congress appropriate a suitable sum to provide plants for building metallic ships at more of our navy yards. Boston and Portsmouth N. H., are specially mentioned as navy yards where such plants can wisely be supplied. The Government owns two large plants in two latter harbors, with more than 100 feet depth of water at low tide. Great Britain has numerous private ship yards where huge steamships are built, and can wisely make contracts with private builders, and yet we have been told that in her naval dock yard at Portsmouth, Eng., she has seven navy yards. While we have no objection to view with her in the size of our navy we can yet learn from her what policy is safe to pursue.—E. K.

Seven million bales of cotton were produced in the South last year. The outcome of the present season promises to be larger, as southern mill now consume about one-quarter of the crop, while the balance goes to New England and Great Britain. As a few years ago the south manufactured but little or no cotton goods, the indications point to the conclusion that she will eventually absorb nearly all of the product.

The Omaha Bee says: All the labor unions and brotherhoods comprising the employees of the Union Pacific system have formed themselves into an organization which will be known as the Brotherhood of Railway Employees.

It would not be half a bad idea to appoint Mrs. John A. Logan Pension Commissioner. Mrs. Logan is a woman of a great deal of business ability, and could perform the duties satisfactorily in every way.—S. F. Post.

Now that Kiddleberger has become a Democrat he attracts much less attention when he goes on a drunk.

## MOUNTAIN FIRES.

The destruction by fire of bridges and snowbanks on the line of the Central Pacific Railroad in the Sierra Nevada mountains, says the San Francisco Post, must serve to attract public attention to a matter which is costing California millions of dollars every year—that is, the prevalence of fires in the timber upon the mountains of the State. Every Autumn it is the same thing, miles upon miles of valuable timber swept out of existence by fire and only the charred and blackened stumps left, as gravestones to mark the death of the noble forests.

In most cases these fires are the result of sheer carelessness, though there is reason to believe that some of them are set on purpose to clear out the trees and extend the acreage of the sheep ranges. Whatever may be the cause, the effect is extremely disastrous, and something must be done to prevent these annual burnings, or in a short time the mountains will be stripped bare of trees. With the timber grabbers on the one hand and the fire bugs on the other, the grand mountain forests stand a very poor chance of preservation. What the lumbermen do not get the fire setters do, and the sequel must be destruction.

If the State and United States could join hands in some way and devise a forestry system which would protect the timber, it would be a most excellent thing. The difficulty at present is that the State cannot protect the timber on the public lands, and the Federal Government cannot interfere on behalf of the forests on State lands; and the divided sovereignty works directly into the hands of those who are entirely reckless of the consequences of setting fire if nothing more. Just what can be done is very difficult to say, but some plan should be devised by which the mountain forests can be saved from utter extermination, which will be their fate in a very few years if fire is permitted to do its deadly work season after season.

## THE PUBLIC DOMAIN

Acting Commissioner Stone Shows What Is Being Done With It.

WASHINGTON, Sept. 19.—The annual report of Acting Commissioner Stone, of the General Land Office, says that during the year 70,147 agricultural patents were issued, covering nearly 12,000,000 acres of land. The mineral patents covered 17,000 acres, grants to railroads, 425,013 acres, grants to States under swamp lands amount to 559,721 acres, and 13,350 acres were granted for educational purposes. The total receipts of the office were \$9,270,225, a decrease of more than \$8,000,000 over 1888. During the year surveys were completed to the amount of over four and a half million acres, principally in Dakota, Montana and New Mexico.

A number of recommendations are made, among others that the homestead or pre-emption patent Act as a bar to any mining claim based upon subsequent discovery, also that a new and general law to be framed to apply to public timber lands. The report expresses the belief that a great many acres of land have been granted erroneously as swamp lands, and calls attention to the fact that Florida alone, while having a total area of but 37,931,520 acres, has filed bids of 22,221,450 acres as swamp land.

## TELEGRAPH LINES.

The Government Intervenes in the Western Union-Pacific Suit.

OMAHA, Sept. 18.—On the 14th of February last the Western Union Telegraph Company brought injunction proceedings in the Federal Court here against the Union Pacific Railroad Company to restrain the road from a threatened violation of contract for the sale of its telegraph lines between Omaha and Ogden. The Western Union had, in pursuance of this contract, taken possession of the lines, and was then and is still operating them. Attorney General Garland at that time decided not to intervene in behalf of the Government, but left the case for his successor to deal with. To-day a voluminous petition was filed, signed by Attorney General Miller, alleging the contract of sale was in violation of the rights of the Government, that the alleged injunction proceedings were the result of collusion between the Union Pacific and the telegraph company, and asking that the sale be set aside.

## To Protect the Ruins.

WASHINGTON, Sept. 18.—Secretary Noble has directed that Section 4, Township 38 N., Range 16 W., of the Mexico meridian in the State of Colorado, upon which the ruins of the former residences and mounds of the "cliff-dwellers" are located, be withdrawn from disposal until an examination of the same could be held, with a view of ascertaining their condition and historical value, and that steps be taken to protect the ruins from wrongful removal or destruction.

## May Yet Accept.

DEER PARK, Sept. 20.—The Commission of Pensions is still unsettled. President Harrison thinks Major Warner the best man for the place. He is expected to arrive here to-night for another conference, which the people about the President say will lead to an acceptance. General Fairchild is mentioned as a probability should Warner and Merrill decline.

## A New Silver Bulding.

WASHINGTON, Sept. 19.—Secretary Windom decided to-day that in the purchase of silver for coinage into standard silver dollars he will hereafter accept the lowest offers for the amount required, provided the price is within the market rate as required by law. This reverses the practice of the Department under the last administration.

Cable advices received at the State Department report a serious riot at Navassa, an island in the Caribbean Sea, in which a number of Americans are said to have been massacred. The U. S. warship Gelena is on her way there to investigate.

## THE STATE UNIVERSITY.

The Virginia Enterprise, of Thursday, contains the following:

Neither the Regents nor Faculty of the State University have taken notice of the complaints urged by "Diogenes" in a recent letter to "The Enterprise." We have, however, received the following communication from Hawthorne in respect to the general situation:

"I am sorry that the same justice and fairness which characterized the first part of the article appearing in The Enterprise of the 15th, signed 'Diogenes,' did not appear in the part which referred to the State University. It had been the case certain 'sundry complaints and remarks unjust' to the State University, 'written from an evident misapprehension of the facts,' would not have been set forth to mislead the public.

"Diogenes" uses the school apportionment question as a shield, over which he makes a straight blow at the State University. He makes certain accusations and complaints which are misleading and unjust. It is not a 'notorious fact' that the State University has received scholars of all grades; nor have scholars who have become dissatisfied with the public school at any time been received with open arms; nor has there ever been a farce of an entrance examination conducted at the State University.

"The whole is an unjust presentation of a man piqued by a professional jealousy. If 'Diogenes' would consult the register with more care he would find out that there is a fixed standard of admission to the State University, and that, further, no student is admitted who can further pursue his studies in the public school in the district in which he belongs. Every student applying for admission is subjected to a severe yet fair examination, presided over by men of ability.

"It is, however, a 'notorious fact' that 'Diogenes' has been fighting the State University on purely personal motives; that the class of 90 bright graduates of whom he speaks were solicited by him to go to California schools and not patronize a home institution containing facilities for education in a normal and scientific line unequalled on the coast, and, further, it is a notorious fact that 'Diogenes' has sent to California schools 40 Nevada students, who, had they remained in Nevada, would have received better educational benefits at a much less cost.

"The writer of this article has nothing to say with reference to the apportionment of public school money, but when the State University is reflected upon he will speak out and dare 'Diogenes' or any one else to cross pens on the University and its well-known benefits to the State.

"The management of the State University is now, and ever has been, above reproach. Each year constantly adds to a growing faculty of men of well-known ability and 'educational' qualifications. This unnecessary opposition to the University has gone far enough, and the citizens and press of the State should help build up an institution that will in the years to come send forth the Nevada young men and women who are destined to build up and preserve the commonwealth of Nevada.

"Hawthorne, Sept. 16, 1889." "As the State University is a public institution that is powerful for good if properly managed, everybody is interested in any discussion as to the methods and efficiency of those in control. Any statement reflecting upon the standing of pupils or classes necessarily impairs the credit of our highest educational establishment, and it is injustice to ourselves not to demand a thorough explanation. It is injustice to the University to permit charges to remain unanswered, and unjust to the State to permit deterioration in the grade of scholarship. We have only hereby knowledge of either side of the controversy, and cannot in fairness express an opinion, but will give publicity to all charges that are made without malice by responsible men and to any explanation or refutation that the University managers may have to make.

Some of our Democratic exchanges insist on attempting to make the silver question a partisan one and to place the Republican party on the wrong side of it. Was there ever a Republican President who was a worse enemy to silver than was Cleveland? Has any Democratic Senator or Representative from Nevada done as much to advance the interests of silver as Wm. M. Stewart has done, or as John P. Jones has done.—Flood Record

## NEW RACES! NEW RACES!!

Nevada State Fair 1889.

The State Board of Agriculture of Nevada invites entries for the following new races for the Fair of 1889. The usual rules of the Society will govern. Entries to the trotting and pacing races will close Sept. 20th.

## HE TABLE IS FIRST-CLASS,

DAN O'KEEFE Proprietor.

## WOOLGROWERS' MEETING.

THE ANNUAL MEETING OF THE NEVADA Woolgrowers' Association will be held at Reno, Nevada, Thursday, October 1, 1889. A full attendance of members is desirable, as business of importance will be brought before the meeting.

THOMAS NELSON, President.

C. F. TURBETT, Secretary.

Winnemucca, Sept. 19, 1889.

## OPERA HOUSE DRY GOODS STORE.

THE OPERA HOUSE  
Dry Goods Store.

This store is now being generally known all over the State of Nevada as the popular

## ONE PRICE

Dry Goods House, and its proprietor, C. W. Booton, is well known as the

## Revolutionizer of Prices and Re-adjuster of Values

—IN—

## STAPLE &amp; FANCY DRY GOODS

## GENTS' FURNISHINGS,

## HOUSEHOLD FURNISHINGS,

## READY-MADE CLOTHING

## And BOOTS AND SHOES.

Please note the various reasons by which I claim I have advantage over all competing houses:

1st. I BUY FOR CASH, and cash only.

2d. I VISIT THE MARKETS IN PERSON, frequently, and buy my own goods myself, for the lowest possible spot cash price.

3d. MY AIM AND AMBITION IS BIG BUSINESS, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view—to give everybody good value for their money—success is already achieved, as I challenge anyone to dispute that I make the lowest prices.

4th. MY STORE IS THE THE LARGEST AND BEST LIGHTED OF ANY IN THE CITY—the three large plate-glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well-regulated store.

5th. I ENGAGE THE BEST AND MOST EXPERIENCED AND SKILLED SALESMEN that can be found in this country. W. R. Lett has full charge of my store, his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I DO JUST AS I ADVERTISE, I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that. Nevertheless many of our merchants to-day advertise under the head of selling goods at cost.

7th. ALL GOODS ARE MARKED IN PLAIN FIGURES, and no goods are misrepresented.

HAVING GIVEN SEVEN REASONS WHY I LEAD ALL COMPETING houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

## In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including fine French Cashmeres, French Camel's Hair, Beattie's Cloths, French Foulis, Tricot Cloths, Tricotine Cloths, Albatross, Nuns' Veilings, French Debeiges, Fancy Striped Alpaca in plaids and stripes. I keep all the leading patterns found in the market.

## The Black Goods Department

Is well stocked with all the latest and best-known brands of French Cashmeres, French Camel's Hair, French Soles, Albatross, Nuns' Veilings, Stielian Cloths and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

## The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

## The Kid Glove and Button Department

Is replete with all the shades that can possibly be obtained this side of the Rocky mountains.

## The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this coast. My stock of Ladies' Misses' Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to the

## Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said, I was their own language—they were tired of paying high prices any longer. I subsequently ordered the above stock, and will say that my success in that department has surpassed all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

## In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark—that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell suits for men from \$5 up.

## In the Underwear Department,

Including Ladies' and Gents'. I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the largest and best-selected stocks of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

## In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the People of Reno and the Public in General for their Kind Patronage for the Past Year, and Soliciting a Continuance of the Same, I Remain, Respectfully,

## C. W. BOOTON,

## TOWN AND COUNTY.

Lay in your winter's wood.  
The Sacramento Fair ends to-day.Deaf cattle are still abundant in this  
State.N. P. Jaques is moving into his new  
store room.The streets are being put in order for  
Fair week and winter.Wool is still rolling in at Winnemucca,  
the Woolopolis of Nevada.They expect to turn out big dollars in  
the Carson Mint this week.Ward and Smith are in from their  
northern ranch with beef cattle.Most of the race horses at the Sacra-  
mento Fair will be shipped to Reno next  
week.Ice an eighth of an inch in thickness  
laid in White Pine last Thursday  
night.The Directors of the Ormsby Agricul-  
tural Association are having a baseball  
diamond laid out at the Carson Fair  
grounds.The tinnors are putting the roof on the  
Bank annex and the carpenters are laying  
the floor.A storm is predicted before this month  
expires. The Journal prophet predicts  
that it will hold off until the middle of  
Fair week.Jaquish, the teamster is in from Sur-  
prise Valley loading his teams with freight  
for the North.The Mason valley people are arranging  
for a big Fair this year, and a fine live  
stock exhibit will be one of the features.The heirs of Frank Richards, whose fu-  
neral took place in Virginia Thursday af-  
ternoon, will receive \$2,000 from the  
A. O. U. W.Sheep are still doing well in this State.  
Sheep are able to subsist upon several  
kinds of plants and shrubs that cattle do  
not find palatable.Excellent, reliable and economical are the  
stoves and ranges sold by Lange & Schmitt.  
Every house and store should have them.  
Call and inspect before purchasing.Not very far from Truckee river shore  
is situated Reno Notion Store.There is lots of little things for sell.  
That is all what George he wants to tell.  
G. K.Enterprise: Nevada was admitted into  
the Union October 31, 1864. She brought  
in with her a little pile of \$500,000,000  
and saved the Union by giving it a silver  
backbone.James Monahan, a young man of Vir-  
ginia City, has for some days past shown  
such evidences of mental derangement that  
it was deemed best to bring him to the in-  
sane asylum at Reno, and he was accord-  
ingly taken thither Thursday evening.Manager Hart has made arrangements to  
take the Boston baseball team to San Fran-  
cisco this Fall. They will leave Chicago  
November 13th and play their first game at  
San Francisco on Thanksgiving Day.  
Kelly and Brothers will, however, not be  
of the party.The following telegram was received by  
the Comstock Baseball Club Thursday,  
from Alfred Chantz, temporary manager.  
"No game can be arranged with the Es-  
meralda nine, their players being all scat-  
tered." The Comstockers are disgusted,  
and say the Esmeraldas are big "bluffers."The Directors of the Ormsby county  
Fair, which opens October 7, have offered  
a baseball purse of \$300 to be contested  
for by the clubs of the State. The Com-  
stock, Carson, Winnemucca and Dayton  
clubs (the latter reinforced by four profes-  
sionals) will be in the list.Froche Record: Down in the Fahrana-  
get range miners are beginning to look  
after the many large veins of smelt ore  
existing in that section of the State. This  
is in anticipation of the advent of the  
Union Pacific in that isolated region.  
With plenty of coke from Utah, all these  
mines may be worked to a profit.Passengers from the West, who crossed  
the new bridge at Cascade yesterday morn-  
ing expressed astonishment at the feat of  
engineering skill displayed in spanning  
such a tremendous chasm with a firm,  
massive structure in so short a time. The  
timbers for the new structure were already  
framed in duplicate at Oakland Point.The Southern Pacific is beginning to do  
a very heavy freight business, and is now  
well started on the most prosperous part of  
the year. The east-bound freight from Cal-  
ifornia during August amounted to \$8,311,  
470 pounds, of which San Francisco sent  
\$6,643,550 pounds. Both figures are a  
large increase over the totals for July.

## A CHILD'S POOR ROMA-CE.

She Files With a Lover in a One-Horse  
Cart.

The Truckee Republican, of Wednesday, has an account of the stealing away of a child that is a most sorrowful affair. It says that a young man named Frank Canyon, who has been working in a lumber camp near Truckee, managed to inebriate himself into the heart of a very pretty little girl only 13 years of age, and finally induced her to leave her home and run away with him.

The girl is the daughter of W. F. Hendricks, who lives in the pine forest about four miles from Truckee. Canyon had been working for Hendricks, but had been discharged for "cause," and paid off, but he hung about the neighborhood, where he has a brother living. Last Tuesday night he got a horse and cart belonging to his brother, and going to the vicinity of the place of Hendricks, managed in some way to steal the girl away.

This elopement in an old road cart would be very funny were the girl one of mature years, but the affair is simply villainous, all the circumstances considered, and the antecedents of the man Canyon being known.

The Republican says: "Frank Canyon is a young man about 25 years of age, tall and dark-complexioned and used to reside at Grass Valley. About a year ago he was arrested in company with his brother for manufacturing and selling bogus gold nuggets. He was tried but escaped conviction on some lack of evidence. He has a bad reputation."

The father and two of the girl's brothers, all armed and desperate, were on Canyon's track at last accounts. What the end will be remains to be seen. At Truckee a tragedy is anticipated.

Hon. C. M. Fassett in Spokane.

The Spokane Falls Review, of the 15th, contains a very complimentary notice to our late young townsman, Hon. C. M. Fassett. Charley is a most estimable young man, and the JOURNAL wishes him much success in his newly chosen home.

The Review says: "Among the recent arrivals in the city the Review notes the name of Hon. C. M. Fassett, a son-in-law of J. T. Benham, late of Reno, Nevada, who has come to make his home with us. He bears the reputation of being a skillful assayer and analytical chemist, the practice of which arts he has carried on in connection with a prescription drug business in Nevada. Mr. Fassett believes in a great future for Spokane Falls, and means to establish a fine laboratory here as soon as a suitable building can be obtained. Socially he will make a valuable citizen. He has been prominent as an amateur athlete, an officer of the State Militia, and was a member of the Nevada Legislature in 1885 when Governor Laughton was Lieutenant Governor and President of the Senate. He speaks in the Governor as being the most able and impartial presiding officer he has ever met. Although at that time but 28 years of age, and the youngest member of the Assembly, Mr. Fassett was the acknowledged leader in debate of the Republicans, then in large majority."

We are sure he will make a valuable addition to our population, and shall cheerfully do with pleasure the opening in our city of such an establishment as he proposes to conduct.

Blown up With Giant Powder Caps.

Thursday evening about 6:30 o'clock, David Jones, a miner employed at the Crown Point mine, says the Enterprise, was terribly mangled by the explosion of a box of giant powder caps. He was at work at the end of a drift preparing to charge a set of holes for a blast, when, in some way not well understood, a box of giant powder caps which he had with him, and which was on the floor of the drift, exploded with terrific effect.

Mr. Jones, who was standing over the caps at the moment, was completely riddled by bits of flying copper and rock. Quite a large hole was torn in the left arm below the elbow and also in his left cheek. His face and the left side of his neck were much cut up and his body badly scarified. It is reported that his left leg also was a good deal mangled. Luckily his eyesight was not destroyed.

A War of Giants.

A bright array of legal talent is displayed in the Garrison-Pamlico case. The attorneys for Garrison are General R. M. Clarke, Colonel R. H. Lindsay and E. P. Willard, while the Pamlico Company is represented by the Honorable Pat Reddy, Tremore Coffin, A. W. Crocker and P. M. Bowler. This combination will probably worry the Judge and distress witnesses in the highest style of the art.—Hawthorne Bulletin.

Jones on Silver.

Judge C. C. Goodwin, of the Salt Lake Tribune, who has been visiting San Francisco, writes in his paper the following: "I met Senator Jones and he plunged at once into the silver business. 'We are going to make a big struggle this winter,' he said. 'They no longer attempt to answer our arguments and we hope this winter to outvote them.'"

Wellington Stewart in Trouble.

The San Diego Union, of last Friday, publishes a full account of the terrible charges against Wellington Stewart, formerly a lawyer in Carson City. He seems to have been engaged in the wholesale tampering of children of tender years. Stewart claims that the charges were made from malicious motives and denies them all.

Horse Driven to Death.

The Sacramento Record-Union, of Thursday, has the following:  
On Tuesday evening a horse and buggy of M. J. Dillman was driven off by unknown parties while the owner was absent. The stolen property was found next morning in another part of town, but the valuable horse soon died from the effects of over-driving. Mr. Dillman would not have taken \$500 for the animal.

The orchards of Dayton are loaded with fruit.—Enterprise.

You ought to see the fruit trees in and around Reno.

## BREVITIES.

Carson horses have the epizootic.  
Carson wants a male singer. None but tenors need apply.

Lieutenant Doucet is still quite sick with inflammation of the bowels.  
W. U. Scott shipped 1,000 mutton lambs to San Francisco last night.

Fred Bristol is to be court martialed by the officers of the University Cadets.  
Deputy U. S. Internal Revenue Collector P. J. Dunne, was in Reno yesterday.

The mail train from the west was two hours and a half late yesterday morning.

Judge Sewell, Theo. Winters and Alvaro Evans returned from California yesterday morning.

A Placer county peach grower sent 204 boxes to Boston last week on his own account. His net profit was \$618.

Bob and Eva McGinley well known in Nevada, are entertaining the people of Idaho with their Comedy Company.

One Chico Constable put in a bill of \$1,500 for arresting rangers in the month of August and the first two weeks of September.

A Lodge of Knights of Pythias is to be instituted in Winnemucca shortly. It is said that there are twenty-five applicants for membership.

It has rained on both sides of Reno—at Grass Valley, and at Wells and Elko yesterday morning. Reno will get her proportion soon.

Messrs. Johnson, Lund and Gad, the baseballists, have arrived in Carson from Truckee. The Carson Club will be newly organized and practice commenced at once.

Mrs. J. T. Reed, widow of the late section foreman of the V. & T. R. R., accompanied by her four daughters, left yesterday morning for her former home in Maine.

Persons having rooms to rent during Fair week should inform the hotels of the fact, so in case they cannot accommodate the public, they will know where to direct strangers to get rooms.

A letter from P. J. Flannigan to the Gazette states that the ordinance for the collection of the 7½ cent license tax on sheep has been declared invalid by the Superior Court of Modoc county, Cal., Judge Harris presiding.

William Green, the brakeman who fell off a freight train near Shoshone last Tuesday, died at Carson yesterday from the injuries which he sustained. He was about 25 years of age and unmarried and a new hand on the road.

A bushful young man of Wellsville, N.Y., offers a \$5 silk umbrella to the young lady seeking the best proposal of marriage. Points to be considered are composition, spelling, writing, brevity and reasons for wishing to be married.

C. F. Holland arrived here Thursday evening in charge of James Conant who has been adjudged insane. Conant is a sheepherder from the northern part of Elko county who was in that county's hospital last winter with frozen hands. He claims to have a family in Idaho, but it is not known whether he has or not.

Nevada's Model Representative to the Paris Exposition.

The S. F. Post says:  
Governor Stevenson, of Nevada, has not been so fortunate in his appointment of a Commissioner to the Fair at Exeter as he was in the role of honest man. His powers of discrimination were a step in the wrong direction in his selection of the Kentucky mine as a stepping stone to wealth and power than in his choice of D. Biber as a representative of the Silver State. It will take all the reputation that the names of Nevada have won up to the great exhibition of the world to offset the pranks of the person in charge. The Post called attention to the mistake which was made in even suggesting the name of this individual for the responsible position of Commissioner from this State and Nevada Governor Waterman promptly repudiated the appointment, but Stevenson thought he knew better. The expose which recently appeared in the Enterprise and other Nevada papers is only what could be expected. The hope is expressed in certain quarters that Biber will take advantage of the space which has been offered him in the columns of papers in Nevada country, of this State, where he is remarkably well known, to clear his skirts of the charges made against him. There is little probability, however, that the enterprising method will rush into print here or elsewhere.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-wf-ly.

Buggy for Sale.

Reno, Nev., Sept. 1889.  
A first-class, new buggy, with shafts and pole slightly damaged by fire while in transit, may be seen on the freight platform of the N. & C. R. R., Reno. Cash offers for it may be made to  
J. M. FULTON.

The Reno Library Association wishes to thank W. W. Rogers, Esq., and J. P. Richardson for many valuable books contributed.

B. E. HUNTER, Librarian.

Truckee Republican: The irrigation surveying party which has been in this vicinity all summer has exhausted the appropriation and quit work. During their stay here they have driven a number of pegs in the ground which will soon be destroyed. In a year or so they can get another appropriation and stick down some more pegs, and go fishing.

Mrs. Elizabeth S. McClellan, mother of General George D. McClellan, died in Philadelphia Thursday. She was 90 years of age.

## NEW SPORTING PARLOR.

The Wine House Opened Saturday Night  
in a Blaze of Glory.

Saturday evening at about 6 o'clock overhead the Wine House saloon was opened one of the finest sporting parlors in the State of Nevada, if not west of Omaha to the Sierras.

For weeks past the enterprising proprietor of the premises, Spiro Francisovich, has been sparing neither time, labor nor lavish expenditures of capital. At great expense the roof has been raised over twenty feet and a solid upper story constructed, which is now fully finished and decorated in the interior, with a commodious stairway leading up from the front of the saloon, conveniently adjacent to the main entrance. The upper story comprises one elegant, roomy apartment, 25x60 feet in dimensions, abundantly lighted and ventilated by numerous spacious windows and doors, all guarded by solid fireproof shutters. The apartment is hard-finished throughout and most tastefully wallpapered in various-colored California natural woods, handsomely polished to bring out their beautiful color contrasts; and at night will be a blaze of light from the myriad of gas jets and electric lamps adorning the room.

These handsome sporting parlors were opened under the auspices of those two old veterans of the sporting fraternity, Uncle Joe Stewart, whose name and word is a password and bond in every city and hamlet on the coast, and Col. John Daniels (Kentucky), one of the oldest and best known knights of the green table in the State. Their names alone are a host in themselves and will attract an army of old acquaintances as well as be a guarantee that the Wine House Sporting Parlor will be conducted in a first-class and most respectable style.

painted with Heath & William's celebrated  
ready mixed paints, the best in the world.  
For sale only by Osburn & Shoemaker.

WHAT ON EARTH

Is the reason people will not, can not or do not  
use any difference in cheap nostrums put up by  
cheap John houses or irresponsible parties at  
enormous profits, rather than take a medicine  
of world wide reputation and one that is giving  
universal satisfaction at equal price? So medicine  
in the world is giving such unparalleled  
satisfaction for purifying the blood as BLOOD  
PURIFIER AND BLOOD MAKER,  
and every bottle that does not do its work will  
cost you nothing.

OSBURN & SHOEMAKER, Druggists.

Notice.

## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME.

### THE MOST LOVELY PORTION OF RENO,

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

## RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

## RENO!

Has 5,000 Population and is

Growing Rapidly.

The Loveliest Town

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

## RENO

Is Supported by the Richest

Farming Country of Nevada,

Northern California and South-

ern Oregon

## RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

No. 16—Trotting—Free for All—Purse \$1,800, \$1,000 to first, \$300 to second, \$200 to third.

### REMARKS AND CONDITIONS:

Entries to running purses and stakes must be made to the Secretary on or before August 15, 1889.

Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race at 6 P. M.

Entries to all trotting and pacing races close Sept. 1st.

Five or more to enter, and three or more to start in all races for purses.

National Trotting Association Rules to govern trotting races. Pacific Coast Blood Horse Association Rules to govern running races.

All trotting and pacing races are the best three in five, unless otherwise specified; five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by a withdrawal of a proportionate amount of the purse. Entrance fee, per cent. on purse, to accompany nomination.

National Association rules to govern trotting; but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats. A horse making a walk-over shall be entitled only to the entrance money paid in. When less than the required number of starters appear, they may contest for the entrance money, to be divided as follows: 60% to the first and 35% to the second.

No horse shall receive more than one premium. In all purses entries not declared out by 6 P. M. of the day preceding the race shall be required to start.

When there is more than one entry by one person, or in one heat, the particular horse they are to start must be named by 6 P. M. of the day preceding the race. No added money paid for a walk-over.

Racing colors to be named in entry.

In trotting races drivers will be required to wear caps of distinct colors which must be named in their entries.

Each day's races will commence promptly at 1 o'clock P. M.

All entries must be directed to C. H. Stoddard, Reno, Nevada.

THEODORE WINTERS, President.

C. H. STODDARD, Secretary.

## TEHAMA COUNTY,

10,378 27-100 Acres.

Township 25 N, Range 7 W, Mt.

Diablo Meridian.

This township lies on the eastern slope of the Coast Range of mountains, and from 13 to 20 miles west from Red Bluff, the county seat of Tehama County. The field notes of the U. S. Surveyor who laid out this township, says: "This township is well adapted for grazing. It affords pasturage for large herds of cattle. It is well watered by the various tributaries of Elder Creek. It is also very valuable for its timber, which consists of a heavy growth of yellow and sugar pine, spruce, and cedar. There is a heavy undergrowth of chaparral, chemical and manzanita. The even sections are in most instances government land, so that the parts most valuable as adjuncts to this range might easily be secured at government price, namely: \$2.50 per acre for single quarter sections.

In Section 9, coal was discovered recently by some herders, but nothing has been done to develop the mine, although samples which have been tested show the coal to be of excellent quality.

We are assured that a Railroad heading for the Coast, and running through the Coast Range, may be built very near this ranch. Price for the whole, consisting of 10,378 27-100 acres will be \$35,000.

TERMS:—One-third cash, and balance in two equal yearly payments. Apply to

GREENWOOD & DEWOLF, Owners.

No. 415 Montgomery Street, S. F.

Or at Journal Office, Reno, Nevada.

23.—Running—Two miles and repeat; Purse \$350.  
24.—Consolation purses.

### RULES OF THE TRACK.

Entrance to all trotting and running races to close with the Secretary at 9 o'clock P. M. on Tuesday, August 20, 1889.

All entries must be in writing, to give sex, color and marks of horses. Also name and residence of owner, and in running races colors to be worn by rider, and any other particulars that will enable the audience to distinguish the horse in the race.

Write "Entries to Races," on outside of envelope and seal.

Entrance fee ten per cent of purse, to accompany entries.

In all races, 5 or more to enter and 3 or more to start.

National Association rules to govern trotting, but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats, or change the order of the races advertised for any day.

Unless otherwise ordered by the Board, no horse is qualified to be entered in any district race that has not been owned and kept in the District six (6) months prior to the day of the race, and any entry by any person of any disqualified horse shall be void, and the owner of such horse shall be held liable for the entrance fee contracted, without any right to contest for a purse, and shall be held liable to penalties prescribed by the National Association and Rules of the State Agricultural Society and expulsion from the Association.

If, in the opinion of the Judges, any race cannot be completed on the closing day of the Fair, it may be continued or declared off at the option of the Judges.

In all races noted above, five or more paid up entries required to fill and three or more horses to start, but the Board reserves the right to hold entries and start a race with a less number and deduct a proportionate amount of the purse.

When less than the required number of starters appear they may contest for the entrance money, to be divided as follows: 60% to the first and 35% to the second.

Rules of the State Agricultural Society to govern running races except where conditions named are otherwise.

The Board reserves the right to change the order of each day's races.

Any person not intending to start his horse must notify the Secretary in writing on or before 6 o'clock the evening preceding the day of the race.

Horses entered in races can only be withdrawn by consent of the Judges.

For a walk-over in any race a horse shall be entitled only to his own entrance fee and one-half of the entrance received from the other entries for said purse; and a horse winning a race entitled to first money only, except when distancing the field, then entitled to first and third money only. A horse wins but one money under any other circumstances.

The attention of all parties interested is particularly called to the rules of the National Trotting Association, under the provisions of which, except as otherwise specified, all matters appertaining to the trotting races will be conducted.

Races to begin each day at 1 o'clock P. M. sharp.

J. W. THOMPSON, President.

J. D. DYER, Vice-President.

R. L. DAVIS, Sec'y.
